

TEACHING TECHNOLOGY ...?

TECHLINK – for the best in contemporary Technology teaching:

- **CASE STUDIES** of student achievement, useful ideas, strategies, resources and examples of good teacher practice
- **CURRICULUM SUPPORT RESOURCES** for unit planning, programme design, and strategies for engaging students
- **INFORMATION FOR PARENTS** – comprehensive information and promotional material to help parents understand what Technology education is about

Techlink is an initiative of the Institution of Professional Engineers New Zealand in partnership with the Ministry of Education

All Techlink resources are online and available to teachers free of charge
