

STORIES OF CREATIVITY – SIMPLY WOW!

In collaboration with the World of WearableArt™ Techlink presents Stories of Creativity – glimpses into the imagination, motivation and resourcefulness of wearable artists and their creations. This new section provides teachers with a rich variety of materials to support the teaching of Technology:

- classroom activities aimed at progressing student understanding of Technology across levels 1-3 of *The New Zealand Curriculum* (2007)
- links to curriculum explanation pages
- inspiring stories for your students.
